Evaluated health care plan being used for TWU's C.A.R.E.S. satellite clinics in Justin, Sanger, and Aubrey, Texas. Developed new interventions to improve currently used protocols.

Administered a community assessment for placement of a primary prevention clinic site in Justin, Texas. Distributed questionnaires, held health fairs, and personally interviewed local residents. With results of research, a physical site was obtained, and a permanent clinic site was established for future use by TWU Nurse Practitioner students.

Paper written on collaboration in nursing management in clinical settings. Worked with indigent homebound clients, enabling them to obtain needed community resources. Fall, 1995

Authored professional paper and developed a resource guide for sexually active females entitled "Sexually Transmitted Diseases: A Guide for Women." Pamphlet to be provided for informational and educational purposes. Spring, 1996

Preceptorship for Nurse Practitioner Program. Summer, 1996
*Parkland Ambulatory Care Clinic, Dallas, Texas
care for chronic or acute conditions which are non-emergent situations. Serves adolescents and adults.
*The Colony Family Medical Center, The Colony, Texas
rural satellite clinic for Trinity Medical Center in Lewisville, Tx.
Serves all client ages – mostly underserved population.

Previous sites where clinical learning experiences were obtained include:
North Texas Community Pediatric Clinic (Denton, Tx.),
Baylor Senior Health Care Center (Dallas, Tx.),
Renaissance Women's Health Care (Dallas, Tx.),
Southwest Family Planning Clinic (Dallas, Tx.).

Observation experiences were obtained through a dermatologist, a podiatrist, and a radiologist.

PROFESSIONAL EXPERIENCE

2006 – Present Family Nurse Practitioner employed by Care First, Whitehouse, Texas
Primary, secondary, and tertiary care of patients in acute or chronic pain.

2005 – 2006 Family Nurse Practitioner employed by Dr. R. Greg Maul, Farmersville, Texas.
Rural family practice setting. Autonomous, responsible for total patient care.

1996 -- 2005 Family Nurse Practitioner employed by Dr. Les Sandknop, Rockwall, Texas.
Family practice setting. Responsible for total patient care—performing history and physicals, assessing, diagnosing, ordering labs and tests, and prescribing medication and treatment modalities. Make rounds for patients in nursing homes. Serve as preceptor for nurse practitioner students during their clinical rotation.

DONNA GREEN

Page 3

1994 -- 1996 Graduate Nursing Student
Family Nurse Practitioner Program
Texas Woman's University, Denton, Texas

1992 – 1994 Staff Nurse, Dallas County Health Department, STD Department. Responsible for history, examination, diagnosis, and treatment of ambulatory clients. Identified numerous young females with PID, and if outpatient treatment was not feasible, referrals were made. Counseled clients regarding sexual behaviors that are high risk for HIV. Provided referral service information on family violence, drugs, alcohol addiction, and other life-altering social problems. Served as preceptor for medical practitioners throughout the U. S., providing guidance and information on proper examination techniques and treatment modalities for STDs as outlined by the CDC. Performed venipuncture skills check off for epidemiologists.

1989 – 1992 Undergraduate nursing student at Texas Woman's University, Parkland Campus, Dallas, Texas.

1986 – 1989 Nursing assistant in school clinics and clerical aid for Carrollton-Farmers Branch Independent School District. Worked in Elementary, Junior High, and High School settings.
